- **Sewage Treatment Plant, Kavitkhedi, 1st November, 2018**
As Indore has held the 1st position in cleanliness since last five years, there is a big contribution from the sewage treatment plant, Indore in treating waste in a biodegradable way. This plant processes the waste in three stages: primary, secondary and tertiary. MRSC organized a visit to the sewage treatment plant for our students and faculty members to inculcate knowledge regarding waste management and treatment processes. Around 30 students Participated with Dr. Mukesh Patidar, Assistant professor, Department of Biosciences, MRSC, Indore.

Subject: Seeking permission to visit Parenteral Drugs (India) Limited.

Respected Sir,

We believe that besides the routine curriculum, students must be well aware of the applications of respective subjects. Parenteral Drugs (India) Limited possesses leading manufacturing facilities in the field of parenteral drugs, the visit will benefit our students immensely. Interaction of industry experts at your plant with our students shall be highly appreciated.

We will be highly obliged if you permit our Post Graduate level students of Microbiology, Biotechnology, Chemistry and Pharmaceutical Chemistry to visit the company on 26th April, 2019.

Thanking you

Session 2018-2019

• Jaideep Cotton , Pithampur 30th July 2018

Industrial Visit are a crucial part of college curriculum that help provide students an insight regarding internal working of companies. Theoretical knowledge has to be supplemented with some practical knowledge in making a good professional career. Industrial visit provides student a practical perspective on the world of work going beyond the academics. Following the same lines, a visit to Jaideep Cotton , Pithampur was arranged on 30-07-2016, by department of management, for BBA I Sem students of the Maharaja Ranjit Singh College of Professional Sciences, to understand the Industrial realities, functional opportunity in different sectors and the challenges that one comes across while running the business. This interaction with the supervisors and the heads gave the students an exposure to current work practices, working methods and employment practices as opposed to possibly theoretical knowledge being taught at college. 101 students were taken for the visit. On the completion of the visit the students prepared a Report highlighting the working practices observed, Company vision- mission, their major customers etc.

DEPARTMENT OF BIOSCIENCES

Session 2016-2017

• **Greater Kailash, 18th May, 2017**

The visit to the well-equipped pathology of Greater Kailash Hospital was organized for M. Sc. students to make them aware about the various analytical procedures related to haematology, microbiology and histopathology. Dr. Suhas Nirkhiwale, Head, Pathology guided the students on how to use the latest technology equipments for diagnosis of various diseases. They are also one of the few laboratories who have the facilities for diagnosis and growth of TB culture. Dr. Nirkhiwale also appreciated the quality of our students who are already employed there.

Subject: Seeking permission to visit Department of Laboratory and Transfusion Medicine

Respected Sir,

We believe that besides the routine curriculum, students must be well aware of the applications of respective subjects. As, yours is a well known organization having well equipped pathology lab with specialized technologies, Hence the expertise of your scientists will help in guiding our students for a better insight into Medical Microbiology.

We will be highly obliged if you permit our M.Sc. Biotechnology students to visit the "Department of Laboratory and Transfusion Medicine" on 18th May, 2017.

Thanking you in anticipation.

Industrial Visits

DEPARTMENT OF COMMERCE

Session 2016-2017

- **Vijayshree Notebook, Indore 4th March 2017**

The Academic tour committee organized an industrial visit to Vijayshree Paper Mills on 04/03/2017 for the students of B.Com. For the factory visit, the group divided itself into four smaller groups. Each group had a faculty with it. In the paper section of the unit, the students got to see the final process of paper formation, drying, and cutting into note book. The group thanked all the workers for their explanation. It was an important lesson from this visit for the students

Sub: Regarding visit to industry.

Dear Sir,

It is a great pleasure to write to a leading industry of our area to request your kind self for permitting a one day visit for our students in your campus.

We are sure that the students of B. Com. will benefit from the knowledge about operational activities in your esteemed industry. The date of visit is on 4th March 2017. In all around 50 students are willing to visit your campus.

We also take this opportunity to invite you to our college campus on a suitable day in May / June as a part of our CSR. We organize regular guest lectures for creating awareness amongst students and would willingly prioritize your lecture on a working day of your choice.

The to and fro conveyance will be arranged by college for the students for the mentioned visit on 4th March 2017.

Thanking you in anticipation
