Compliance Report on IQAC Initiatives

Initiatives decided by the IQAC in last meetings held on 21st July 2022 to enhance the quality of education at MRSC were attended. Meetings were held with members of IQA Cell and faculty members separately to discuss on various points to chalk out the major areas on which we need to work and deliver best to the students. Basic idea behind the brain-storming session was to create an environment which automatically delivers quality education amalgamated with inculcating the social values in students. Following initiatives finalized were worked upon:-

➤ Quality enhancement in Teaching Learning

Effective implementation of NEP was done by conducting counselling of students for subject choice for their degree courses. Involvement of students in practical aspects of the topics in course curriculum was taken up on forefront which helped us in improving student's interest in academics. Workshops on technical and analytical procedures, start-ups, legal issues, IPR issues were conducted by different departments. Eight industrial, Institutional and other visits to understand real working conditions were organized this year.

➤ NAAC Accreditation

Rigorous involvement of all the staff members of the institute was observed in preparation for NAAC peer team visit. The documentation process was channelized. The infrastructure and the college campus was made ready to be inspected. Students were counselled about the NAAC accreditation process and were involved in the preparation activities.

➤ Green Campus Initiatives

To begin with the session an Eco-friendly Ganesha making workshop was organized to not only encourage students talent in artwork but also sensitize them for environmental issues. Students selecting research topics for their post graduate degree were tuned to work on sustainable development issues. An awareness program to save soil was conducted in association with Isha Foundation. NSS unit along with other students planted trees on pitra parvat. Capacity building workshop by an Expert Environment Consultant for spreading awareness among students, teachers, administrative staff, class III and class IV staff was organized for waste management and disposal.
