Student feedback Analysis Report (Academic Session 2023-24)

Introduction

Maharaja Ranjit Singh College of Professional Sciences, Indore is affiliated to Devi Ahilya University, Indore. The college offers various UG and PG courses like B. Com., B.Sc., BBA, BCA, BA, M.Sc., and M.Com. The Internal Quality Assurance Cell (IQAC) of the College has continuously been working towards improving the quality of student learning experiences. At present 1445 students are studying in the college. The College conducts continuous feedback surveys annually from the students to map out the areas for further improvement and development. The responses of the students were recorded on a five point scale (Strongly Agree, Agree, Neutral, and Disagree) on issues pertaining to students teaching-learning experiences, infrastructure and co-curricular/extension activities. This report presents the analysis of the feedback taken from the students for the academic session 2023-24.

Data Collection and Analysis

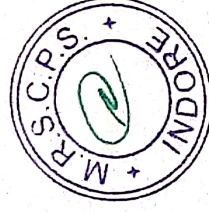

An effort was made to collect feedback from students. Approximately 32% of the students gave the response in a period of 5 days. For this purpose, feedback forms were circulated among the students and as many as 459 responses were received. For a comprehensive understanding, percentages along with pie charts have been studied using Excel to depict the results clearly.

Course-wise Classification of Students

To ensure broader representation, efforts were made to include students from all the offered courses in the college. The results depict the course-wise classification of 459 student responses.

Students' Feedback and Analysis

The 459 feedbacks received from the students were taken on various issues related to syllabus, learning infrastructure, teaching learning experiences, supported systems.

Action Taken on Report of the Institute on Student Feedback

In line with our commitment to providing quality education and ensuring student satisfaction we conducted a feedback survey among students. The feedback covered areas such as curriculum, teaching learning quality, infrastructure and support services. There is however a definitive scope of improvement in some areas which is strongly felt by IQAC. The committee came to a consensus that although the College is bound by the syllabus designed by the University but college tries to identify and fill the gaps by organising various seminars and workshops. College intends to improve upon internet facilities, provide e-boards and educate students to grow technical skills. For this focus is on more tie ups with industries for internships according to students' interest.
